

2020 Replacement Market
Bicycle Tire Range

OUR EXPERIENCE IS OUR FOUNDATION AND OUR GOAL REMAINS CONSTANT; TO DELIVER SUPERIOR PERFORMANCE, REGARDLESS OF VEHICLE OR TERRAIN. OUR PASSION TO INNOVATE DRIVES US TO DEVELOP CLASS-LEADING TIRES FOR VIRTUALLY ANY APPLICATION.

A tall, vertical, illuminated sign for the Goodyear Global Headquarters. The sign is dark with the word 'GOODYEAR' in large, white, bold, sans-serif capital letters. Below it, the words 'GLOBAL HEADQUARTERS' are written in smaller, white, sans-serif capital letters. The sign is illuminated from within, creating a bright glow. The background of the entire image is a black and white photograph of a modern, multi-story office building with large windows, some of which are lit up. A paved walkway leads towards the building, and there are some trees and landscaping in the foreground. The sky is dark, suggesting it might be evening or night.

ROAD

ROAD

EAGLE ALL-SEASON

Year-Round Performance

Formulated to be the ultimate year-round road tire, the Eagle All-Season utilizes our Dynamic:Silica4 compound; minimizing rolling resistance while at the same time ensuring unrivaled traction in the wet. The Tubeless **Complete™** system yields a supple, consistent feel and superior rolling efficiency at more comfortable pressures, with no worries of pinch flats.

Fitments // 700x25, 700x28, 700x30, 700x32mm

TRANSIT

TRANSIT SPEED

Durability & Speed

At home flowing through urban centers and along bike paths, the Transit Speed is a fast-rolling urban tire combining confidence-inspiring handling with great durability. The Transit Speed range comes equipped with 5mm reflective sidewall stripes to enhance visibility. Meeting the ECE-R75 requirements for use with modern eBikes, the Transit Speed delivers both performance and durability.

Fitments // 700x35, 700x40, 700x50mm

TRANSIT TOUR

Touring Efficiency & Grip

Modeled after our Assurance All-Season automobile tire, the Transit Tour combines a durable, utilitarian construction with directional siping tread that offers unsurpassed all-weather traction. Constructed to eBike approved standards and with reflective side strips enhancing twilight and night visibility, the Transit Tour provides robust flat protection along with a comfortable ride for your next journey.

Fitments // 700x35, 700x40, 700x50mm, 27.5x2.0"

A photograph of a dirt path winding through a dense forest. Sunlight filters through the trees, creating a misty, ethereal atmosphere. The path is covered in fallen leaves and branches. The trees are tall and slender, with green foliage. A blue banner is at the top right, and a blue banner with the Goodyear logo is at the bottom left.

ALL-TERRAIN

COUNTY

Robust Efficiency & Grip

Mating an efficient tread pattern with a high-volume and robust construction, the County is a versatile companion at home on any surface. Widely-spaced side knobs offer confidence on loose terrain while a smooth center tread minimizes rolling resistance. Fully protected casing and Tubeless **Complete**™ construction ensure enhanced durability and fewer flats when the going gets rough.

PEAK

Speed Demon

When it's time to drop the hammer and crush some climbs, Peak is mountain **biking's** speed demon. A round profile, closely-spaced tread, and supple casing contribute to **Peak's** low rolling resistance, while ample traction and braking performance are delivered thanks to siping on every knob and its multi-density Dynamic: All-Terrain compound.

BICYCLE TIRES

ESCAPE

Versatile in All Conditions

A capable trail tire available in a wide range of sizes for any region, the Escape offers versatile off-road performance in all conditions. Widely-spaced, ramped and carefully siped square knobs generate edge-to-edge grip while sophisticated Dynamic: Rugged-Terrain compounding ensure traction across a broad range of terrain. M:Wall sidewall protected casings offer security wherever the trail may lead.

NEWTON

Traction Meets Efficiency

Featuring a fast-rolling center tread, firmly supported side knobs, and advanced compounds, the Newton provides surefooted traction in a wide range of conditions. As befitting a tire named after the man who defined the laws of gravity and motion, the Newton is the enduro and downhill rider's choice; it's the tire to reach for when the terrain gets steep.

Fitments // 27.5x2.4", 27.5x2.6", 29x2.4", 29x2.6"

NEWTON ST

Cornering Bite

From aggressive trail riding to the demands of downhill racing, the Newton ST delivers consistent cornering bite, predictable braking control and premium performance in ever-changing conditions. The tread design features low-profile ramped center knobs to reduce rolling resistance, while tall, arch-supported side knobs provide ample cornering grip. The Newton ST ups the ante when front grip and loose terrain traction is a priority.
